MEET LA SALSA

When La Salsa opened the doors of its first taqueria back in 1979, we quickly gained a reputation throughout Los Angeles for using fresh ingredients and for serving up delicious tacos, burritos and a fresh and unique salsa bar. We bring the real tastes and flavors of Mexico to life, so naturally as the word spread La Salsa found more and more fans, opened more and more quick-service Mexican restaurants, and soon – the Fresh Mexican Movement was born! Since those early days La Salsa has grown into a fresh-mex favorite by continuing to take time honored traditional recipes from all over Mexico and updating them.
